Matchmakr Sprint 1 Retro
SWE 6813 Spring 2024

What went well	Votes
Assigned tasks were completed on time and by their assigned team member.	1
Communication with team members was effective and led to good collaboration between stories	1
Virtual scrum updates were submitted on time by all team members.	1
Weekly meetings were fully attended and members were engaged.	1
Kudos John for an astoundingly good UI mockup!	1

What can be improved	Votes
The team can work together to keep the Kanban board more up-to-date as they work on/complete tasks.	0
Lots of Azure functionality probably still untapped to help us organize work and long term goals	0
Some issues assigning identical stories to multiple people -- wasn't a flexible setup, and made it confusing who was responsible for what	0
Issues can be broken down further into tasks for a clearer update on progress.	0

Action Items	Votes
When multiple people on one task: make their stories unique in some way; make clear plans at beginning of sprint to define collaboration	0
Ralph and Ryan -- add Epics and fill backlog prior to planning meetings	0
